

# RFID Solutions

# Why choose Avery Dennison RFID?

As the world's largest UHF RFID partner, we provide solutions for multiple industries, from retail apparel and food to healthcare and aviation. Our integrated global RFID approach is proven to increase inventory accuracy, improve supply chain agility and enhance visibility across all channels.

When you choose Avery Dennison RFID, you get field-proven inlay products, advanced research and testing capabilities, experienced engineering and technical resources, and, most importantly, a partner with a deep understanding of what it takes to make your application successful.

Sustainability is at the core of everything we do, from innovation and product design to development and production. The majority of our inlays now feature our patented SmartFace™ Technology, which is one of the most sustainable solutions on the market, reducing your brand's environmental impact.

For additional information, please contact:

## Applications

- ▶ Item-level retail: Apparel, accessories, cosmetics, jewelry, food and general retail
- ▶ Healthcare: Medical and pharmaceutical
- ▶ Transportation: Automotive and aviation
- ▶ Industrial logistics and manufacturing
- ▶ Brand protection and product authentication
- ▶ Supply chain, inventory and logistics
- ▶ Contactless cards and tickets
- ▶ Library, media, documents and files

With Avery Dennison RFID, you get the benefit of our relationships with best-in-class chip and reader manufacturers, label and tag converters and systems integrators across the globe. We can support you with the most challenging RFID projects across all channels, offering the total solution to meet your business needs.

## UHF RFID Inlays

860-960 MHz, ISO-18000-6C, EPC Class 1 Gen 2
